

Arm-R-Lite Door Manufacturing Co., Inc.

Measuring for your Garage Door

To quote your garage door properly and accurately it is important to have the following information handy with regards to your opening(s):

- Height
- Width
- Headroom
- Sideroom (left and right)
- Backroom

These measurements help determine the correct door and track dimensions for your opening.

If you have any questions, please feel free to contact our customer service team:
