Dear Shannon;

Subject: Taff Residence
Overhead Garage Doors

I just wanted to let you know that the custom garage doors that you personally helped create look spectacular. Having been in this profession for so many years, it's always a pleasure to know which manufacturers can meet challenges and in our case, explore new methods and materials to make something unique. I hope that these pictures are testament to how pleased we are with the end result and how happy we are that your company was willing to go the extra mile.

Yours sincerely,

Marvin L. Taff F.A.I.A.
